SOFTWARE APPLICATIONS

Record History
recordhistory.io

Founder & Developer
Community wiki platform presenting the history of speedruns & high scores
➔ Conceived original site concept and iteratively developed + designed from scratch
➔ Implemented the Highcharts library for rich data + narrative presentation
➔ Collaborated with a senior engineer to optimize database design
➔ Employed React, Ant Design, and Styled-Components to create an engaging UX

Anti-Vanity
bit.ly/2XomwWf

Frontend Software Engineer
Browser extension preventing excessive vanity searching
➔ Exercised pure HTML/CSS/JavaScript for optimized UX + DOM manipulation
➔ Worked with complex client-facing HTML on sites like Twitter, Reddit, and Tumblr
➔ Rapidly learned + utilized Chrome APIs such as Storage, Tabs, Messages, and more
➔ Implemented Regular Expression support for advanced string matching

Emolytics
bit.ly/2yt04hF

Full Stack Software Engineer
Emotion analysis platform for video creators
➔ Architected modules for statistics, payments, and user groups using React + Redux
➔ Synthesized data through SQL join queries across a many-table Postgres database
➔ Integrated multiple external APIs, including Stripe.js Elements and Patreon OAuth
➔ Employed Jest and Enzyme to perform Unit Tests and Integration Tests

PROFESSIONAL EXPERIENCE

New York Life Insurance Company — *Life Insurance Agent* — 2016 - 2018
➔ Executed a high volume of sales prospecting activity to warm and cold sources of new business
➔ Swiftly acquired expertise on various personal finance concepts, including a Series 6 certification

New York Life Insurance Company — *Service Representative* — 2012 - 2015
➔ Efficiently processed the business of finance professionals through expertise of administrative systems

EDUCATION

Hack Reactor — *Advanced Software Engineering Immersive* — 2017
New York University — *Sociology* — 2008 - 2012

PERSONAL

Speedruns — I hold the #2 time for fastest completion of *Mega Man 2* in **26:37**. I was also recognized by a head organizer of **Games Done Quick** for my **MVP** performances during their charity fundraiser events.

Meditation — In 2016, I attended a transformative 10-day Vipassana retreat. I volunteered as the primary cook at a subsequent retreat, and continue to meditate on a regular basis.
